Subject: Thank you

Hi,

Just wanted to send a note to thank you for your support and to let you know how it is being used. Right now I am at our workshop center in Mitla along with 2 language helpers and the wife and child of one of them. We are attending a 5 week workshop on the book of 1 Corinthians. It is a great opportunity for the two men to expand their understanding of the Word and to review many of the principles we need to follow in order to have a good translation. It is wonderful to have Floriberto's wife, Victoria, with us. She is doing the cooking for them and that keeps them content. I have lunch with them but eat my other meals at home. It is also nice that the family doesn't have to be separated for so long. Sam will be going home weekends to be with his family. Thanks to your support I am able to have both men here, to feed and house them and pay their wages. Nearly two years ago now, Floriberto came to a workshop on Hebrews and it totally renewed his spiritual life. The Word of God is indeed living and active and very powerful. Please pray that God will speak through His Word to all who are participating in the workshop in a personal way as well as it being a great help in creating good translations. Pray, too, that it will be a good time for all of us. As time wears on it becomes harder for them to be away from home, etc. I also ask for your continued prayers for the current political instability in Oaxaca. It has been much more peaceful the past several days but the situation has not been resolved.

Thanks again. Becky
